## Anti-Spark Tubing

### ★ Feature:

- \*Double layer, outer layer with flame resistant plastic resin.
- \*Flame resistant Grade: UL-94,V-0 or GB8410-2006 standards.
- \*Inner tube : high quality TPU with ROHS standards.
- \* Working Temperature range : -5°C to 60°C
- \* Working Pressure : 8bar, safety factor 3:1

### ★ Applications:

- \*Provide anti-spatter protection
- \* welding machine
- \*automation welding robots at auto assemble line
- \*Welding system at pneumatic industry.

### ★ Specification charts:

Code	Size(mm)		Length	W.P. @ 23°C	B.P. @ 23 °C	Bend Radii
	O.D.	I.D.	m	bar		mm
RF0604	6	4	50/100	8	25	15
RF0805	8	5	50/100	8	25	28
RF1065	10	6.5	50/100	8	25	35
RF1208	12	8	50/100	8	25	45
